Dear Sirs,

Mr. Benjamin T. Solomon has submitted the paper titled “An Approach to Gravity Modification as a Propulsion Technology” to the “Space, Propulsion & Energy Sciences International Forum (SPESIF-2009)” to be held in Huntsville, AL, USA, February 24-27, 2009.

This paper has been accepted for publication in the SPESIF-2009 AIP proceedings and we look forward to Mr. Solomon’s presentation of this paper during SPESIF-2009.

With Regards,

Glen A. Robertson
President
